

# SLS

Good morning/afternoon Mrs Missiris, teachers and students of Undercliffe. For those who don't know me my name is Mitchell and I am going to tell you why I would make a great school leader.

A good school leader works to be the best they can be. They represent and look out for their fellow students and encourage a fair and welcoming atmosphere at school.

I believe I can be a great school leader. I am kind and inclusive. Everyone from kindy to year six is welcome to join me. I have friends in lots of classes. I think it is great that in our small school I can play games like tips and hand ball with anyone in any class.

I listen when people need someone to talk to and help them if I can. I don't judge. I just try to be a friend.

I have been at Undercliffe since kindy and I have learnt so much and made many great friends. It would be great if as a school leader I could give back to my school.

If I were a school leader, I would be your representative and pass on ideas and issues to the teachers and Mrs Missiris. Have a great idea for a nutti day or fun day? let me know! And don't worry Mrs Missiris. If I were a school leader discos would have great music, as we all know you love to dance!

Students and teachers of Undercliffe, if you choose me as a school leader I would make it my mission to be your friend representative and to help make Undercliffe better than the great school it is!

Thank you for listening to me today
